

CPU Core	Mean time	Max time	Comments
1	26.6336428153	43.270111084	My raspberry pi seems to run much slower than expected
2	21.8298272924	34.5349311829	The mean time seems to be exponentially better, while the max time is only linearly better
3	21.0470644919	31.7299365997	These times seem to be about the same as for the 2 CPU Core test
4	20.1557832915	28.5141468048	Even though the mean time isn't that much better, the max time is much better
